

DAKOTA GRANITE®

The Granite People
SINCE 1925

OUR COMMITMENT TO YOU

For those who serve families in the memorial industry, Dakota Granite® is committed to your success. This commitment extends to retail memorial companies that share the same core values for their business. Our passion for manufacturing quality products and continuous technological investments has positioned Dakota Granite® as the American manufacturer retailers can rely on for quality products. This dedication and promise to our customers will keep our industry progressing and our companies successful. Dakota Granite® is a proud member of the memorial industry, and we have been privileged to help retailers tell American family stories since **1925**.

BENCHES

A granite bench provides a comfortable place to rest while visiting a loved one's final resting place. A memorial bench can also replace the traditional memorial headstone in the cemetery. Granite memorial benches have many applications: golf course, parks, schools and the back yard. Granite benches will remain maintenance free for decades.

CREMATION

Reverence in the treatment of cremains is a philosophy we take seriously. Our philosophy motivates our design, craftsmanship, and use of materials because of the unique needs and options created by this decision to memorialize. Our granite tributes should be beautiful, permanent, and maintenance-free while allowing for choices.

A TRIBUTE FOR GENERATIONS

More than stone — this **American-made** memorial **honors family, love, and legacy**. Crafted from premium granite with expert care, it's **designed to grow with your family's story** and preserve memories for **generations to come**.

Proudly made in the USA.
